PUSH IT

THEME IT

The advertisement features three Lenovo ZUK Z1 smartphones arranged diagonally. The top phone displays a blue home screen with a person on a skateboard and the text 'MOD IT'. The middle phone shows a red home screen with a person's face and the text 'STYLE IT'. The bottom phone has a purple home screen with a person's face and the text 'PUSH IT'. The text 'THEME IT' is positioned below the bottom phone. The background is a light gray with a subtle geometric pattern.

With built-in
CYANOGEN OS

Cyanogen is an open source OS that gives you a pure, clean foundation to install mods. No bloatware on this phone — just some superb features like Themes, PIN Scramble, AudioFX and Privacy Guard.

Customize it with themes

Everything from icons to boot animations to lockscreens

Turn it up with AudioFX

Enjoy unmatched quality and audio customization for your music

Lock it up with PIN Scramble

Keyboard numbers come in different positions every time — so your fingerprints don't give away which ones you've pressed

HOLD IT

Metal transitioning flawlessly into glass

Smoothly curved corners

Gently arched back

Optimum comfort while you get to grips with your mods

ADMIRE IT

5.5 inch (13.97cm) Full HD
IPS Display 1920 x 1080

1500:1 contrast

450 nits brightness

100% NTSC high color saturation

401PPI pixel density

Sharp as you like — even in bright sunlight

DRIVE IT

Qualcomm® Snapdragon™ 801
2.5GHz processor

3GB RAM

System optimization and
power usage adjustment

Power and stability you can put to serious use

Shop for the Lenovo ZUK Z1 Online from Amazon India

Stylish, Industry-Leading Device

Whether you want the best camera experience or the longest talk-time, the brand new Lenovo ZUK Z1 is all set to enhance your life. The phone features powerful processors, access to the latest apps, and peerless display technology. With its high-capacity 4100 mAh battery, you can use the Lenovo ZUK Z1 for longer hours between charges. Its FPC finger touch sensor allows you to enjoy ultimate privacy and security. All of these great features plus Cyanogen OS add up to an amazing phone you can mod, style, theme and push to the limit. The phone also comes with smoothly curved corners and gently arched back, making it a complete pleasure to hold.

Power-Packed for Smart Performance

To increase performance and reliability, the Lenovo ZUK Z1 comes equipped with a built-in Cyanogen Operating System that focuses on smooth operations, elegant interface and content clarity. Its 5.5 inch (13.97cm) Full HD IPS Display 1920x1080 offers you with a sharp image viewing experience, even in bright sunlight. The phone comes with 100 percent NTSC colour saturation, 1500:1 contrast, 401PPI pixel density and 450 nits brightness for admirable display quality. Its Qualcomm Snapdragon 801 2.5GHz processor gives you the power to put to it some serious use. Plus, the 3GB RAM and system optimisation and power usage adjustment add to the phone's supremacy and stability that can be put to serious use.

Powerful Camera and Effective Features

The Lenovo ZUK Z1 enables you to capture every special moment in vivid detail with the phone's 13MP primary camera with optical image stabilisation and protected by 5P Largin lens. Its 8MP front-facing camera lets you take superb selfies and seamless video chatting with your family and friends. You will experience no bloatware on this phone as it just comes with some superb features like Themes, PIN Scramble, AudioFX and Privacy Guard which will make life colourful and convenient for you.

Keeps Work and Play Separate

If you are someone who travels frequently, the Lenovo ZUK Z1 can be a great travel partner for you. You can carry your phone wherever you go and stay connected with its dual 4G SIM card capacity. The dual SIM card capacity also allows you to have a SIM card for business and a separate SIM for personal use. So you'll be able to differentiate if it's a work related or personal call before answering the phone. This will help you in keeping the perfect balance between your personal and work life. It also means double the storage. You can store different things on each SIM, or use one as a backup in the latest Z1.
